VOL. LXXXIII. NUMBER 51

Red Cross Drive In Antioch Nets \$2,015

The Antioch Township American Red Cross Fund Drive netted \$2,015.59, Preston Reckers, assistant vice president of the State Bank of Antioch announced today.

Reckers presented the check from the drive to John Teuber, field representative of the American Red Cross, Lake County Region.

Assisting Reckers in the Antioch drive was Joe Beemsterboer, of Antioch V&S Hardware, retail chairman; Everett Offedahl, Frostee Foam Co., industrial chairman; Mrs. Robert L. Burns, Mrs. Elroy Anderson, Mrs. Emil Kapschke and Mrs. Henry A. Apostol, residential co-chairmen; and Mrs. Harold Gaston of the Antioch News, publicity chairman.

The nationwide drive for funds for the Red Cross followed the

theme of "SOS—Support Our Servicemen" and the slogan "Help Us Help."

Reckers pointed out that the funds contributed by residents of Antioch Township will be used to support the chapter's local services and to provide aid in the national Red Cross programs, particularly the services to the armed forces and veterans.

Antioch's goal for the drive was \$1,700 and the amount collected was well in excess of that.

Reckers said that during the past year Antioch Township had an average of 55 servicemen in Vietnam.

"Because of the greatly increased cost of serving U. S. servicemen in Vietnam and because of a series of major disasters, the Red Cross sought \$121,624,000 nationwide," Reckers said.

Contrary to the belief of many,

Reckers said, the main job of the Red Cross is not passing out coffee and doughnuts to the servicemen.

"Red Cross First Aid courses are offered throughout the country," Reckers said, "and all members of the Antioch Rescue Squad were trained by the Red Cross."

Reckers pointed out that the swimming courses offered at the Aqua Center, under the supervision of swimming instructors from the Red Cross, is just another outstanding Antioch Red Cross program.

"If it were not for the work of the Red Cross," he said, "the cost of the lessons would be greatly increased."

Reckers said that Red Cross First Aid courses on water safety are also offered in the lakes area.

John Teuber, field representative for the American Red Cross, Lake County region, left, accepts a check from Preston Reckers, chairman of the 1969 Antioch Township Red Cross Fund Drive. The check was for \$2,015.59.

Gauthier Heads NI-Gas

C. J. Gauthier has been elected president of Northern Illinois Gas Company by the utility's board of directors. The announcement was made by Marvin Chandler, NI-Gas chairman and chief executive officer, following the company's annual meeting on June 3.

C. J. Gauthier

Following the company's annual meeting on June 3.

The 47-year-old Gauthier, who succeeds Chandler in the president's post, was formerly executive vice president—marketing and operations. He has been a member of the company's board of directors since 1965.

Chandler also announced that William J. Crowley, another director, and formerly executive vice president—finance and corporate services, has been elected chairman of NI-Gas's finance

(Continued on page three)

Hospital Drive On Again

A program to raise funds for a new hospital near Lake Villa has been launched by Hugo C. Zerbe of Mundelein, a former clergyman.

Zerbe is the newly appointed executive director of the Countryside Hospital Association.

He is working on a revision of plans in addition to site selection and fund-raising.

Under consideration as a site is a section of land at Rte. 132 and Grub Hill Road, west of Lake Villa.

Financial help will be sought from outside the locality to begin the project with a 150-bed hospital.

All avenues of financial aid will be studied including government and foundation sources as well as private contributions.

Earlier this year Zerbe was associated with a group of Northern Illinois residents which tried, unsuccessfully, to purchase Zion-Benton Hospital and Parkway Nursing Home.

Two Yale Graduates

Two Antioch students received bachelor degrees Monday at Yale University's 268th commencement exercises.

Stephen Lin Chandler, of 1048 Bishop St., received a bachelor of Divinity degree, while James Allen Steffenburg, of 633 Parkway, received a Bachelor of Arts degree.

Several years ago Miss Cornelia Roberts, former Antioch High School instructor, had an idea for a plaque honoring the valedictorian and salutatorian of each graduating class. With the formation of the Golden Anniversary Committee, the idea began to take shape. Through the special efforts of Edna Radke and Fred Stahmer the plaque has been completed and is now on permanent display at the high school. A major problem was identifying the top two graduates of each class over the 54 years. Special thanks go to Edith Elms, who spent many hours searching through the Antioch News archives for these names. The most recent additions to the plaque are the names of Carol Westlund, left, and Pamela Stewart, right, the valedictorian and salutatorian, respectively, of the class of 1969.

No Deals On Tax Bills — Sheahen

Rumors abound, but the truth you must search out.

That seems to be the formula in squelching the many erroneous stories currently circulating in reference to personal property taxes.

A few irate taxpayers are spreading the word that "deals" can be made at the county collector's office on delinquent personal property tax bills. They are telling their friends, and anyone else who happens to be listening, that they have witnessed such transactions.

Raymond J. Sheahen, County Treasurer and Collector, says "Absolutely not. NO deals are authorized by my office and none

are made." The collector went on to say that settlements can only be made by a judge in cases where delinquent taxpayers are brought into court.

Clarifying another point, Sheahen said by action of the County Board some years ago his office has not enforced the penalty

for non-payment of taxes.

Simon Supports State Aid

Direct financial assistance from the state to private colleges and universities drew support from Lt. Gov. Paul Simon during a press conference at Illinois Wesleyan University Sunday.

"I think the idea of assistance to the private colleges and universities also is going to grow," Mr. Simon said after earlier stating that the state scholarship and grants programs of assistance to students would continue to grow.

"Just as a practical example, if we can get a student to go to Illinois Wesleyan rather than ISU (neighboring Illinois State University), the state of Illinois is saving money."

"So if by giving IWU \$100 or \$200 (for an Illinois student enrolled) we can encourage more development at Illinois Wesleyan, we're going to be saving money in the long run."

"Now this doesn't mean that we cut down on our appropriations to Illinois State University or University of Illinois or any of our other state universities."

"We're talking about a tremendous demand in the next 10 years. We're talking about a double of our college population in the next 10 to 12 years," he said.

House Bill 2220 provides for such direct grants to non public institutions of higher education on the formula recommended by the Commission to Study Non-Public Higher Education in Illinois.

Mr. Simon also voiced support

Dale Pedersen Wins Honors At College

Receiving honors standing for the spring semester at Wisconsin State University, Platteville, was Dale A. Pedersen, of Antioch.

He was among 695 of a total enrollment of 4293 to receive this distinction. To receive honors standing for the semester a student must earn at least a 3.25 grade average, from a possible 4.0. For high honors a student must earn at least a 3.75 grade average.

Martha Hunter, Former Antioch Treasurer Dies

Mrs. Martha Hunter, 66 years old, of 338 Harden Street, Antioch, passed away Friday, June 6, at 10:30 p.m. in Victory Memorial Hospital.

She was born March 20, 1902 in Powers Lake, Wis., and moved to Antioch in 1922. She served as Antioch Village Treasurer from May 1948 until May 1968. She is a past Matron of Antioch Chapter No. 428 Order of the Eastern

Star, Past Grand Representative to Texas from the State of Illinois in the O.E.S., Secretary of Rockford O.E.S. Home, Past President of Lake County P.T.A., Past Sub Deputy in Order of Rainbow for Girls for the state of Illinois. She is a member of the United Methodist Church at Antioch and was a former Superintendent of the Sunday School.

She married Elmer L. Hunter on Dec. 23, 1925, at Antioch.

Survivors are her husband Elmer L. Hunter, four daughters, Mrs. Mabel Lou (Arnold) Weber, of Antioch, Mrs. Jane (Kennedy B.) Heuer, of Lake Bluff, Ill., Mrs. June (Errol) Clark, in Germany, Mrs. Charlotte (Eldon) Schulz, of Powers Lake, Wis., her mother Mrs. Clara Buck, of Libertyville, one brother, Jerome Buck, Cicero, Ill., 14 grandchildren and one great-grandchild.

Funeral services were held at 11:00 a.m. Tuesday at the Antioch United Methodist Church. The Rev. Donald Cobb of that church officiated. The Antioch Chapter No. 428 O.E.S. conducted a service Monday evening at the Strang Funeral Home.

Friends desiring may make contributions to the memorial fund of the United Methodist Church at Antioch.

Employment Survey Is Set For Here

A sample of residents of this area will be included in a nationwide survey of employment and unemployment to be conducted during the week of June 15 by the Bureau of the Census, U. S. Department of Commerce, according to Theodore F. Olson, Director.

(Continued on page five)

Antioch Man Injured In Auto Crash

Glenn D. Siedschlag, 27, of RFD 3, Antioch, suffered fractured ribs when his car went off Rte. 173 west of Lake Avenue, Antioch Township and hit a tree Saturday.

Sheriff's deputies said Siedschlag was going east on Rte. 173 when the car went off the north side of the road, traveled 35 feet on the shoulder and then jumped a guard rail.

The car then hit a tree off the north edge of the road, bounced off the tree and then struck another.

The impact spun the vehicle around and it traveled up the embankment, hit the guard rail and came to rest in a ditch.

Siedschlag was taken to Victory Memorial Hospital for treatment.

Title Role To Wife, Husband

PM&L introduces you to Joan Horton who plays the title role of Mary in Jean Kerr's three act comedy, Mary, Mary, which plays June 20, 21, 27 and 28, and to her husband, John D. Horton, who plays opposite her as Dirk.

Many PM&L workers are husband and wife teams, but very few share the stage in the same production. Both Joan and John have been active in music and drama all during high school.

Joan appeared in The Diary of Anne Frank, J.B., The Enchanted, Down in the Valley, Gaslight, and Pygmalion at ACHS and was also active in the capella choir. She became Miss Lake Region and then won the title of Miss Lake County Fair. During this time she appeared on the PM&L stage in Everybody Loves Opal and Outward Bound.

After graduating from high school she attended Illinois Wesleyan University for a year and a half as a drama major. While at Wesleyan she appeared in Romanoff and Juliet.

John D. Horton appeared in the high school production of The Mikado, Arsenic and Old Lace, Brigadoon, Song of Norway, and Down in the Valley, was active in the capella choir and a member of the Swing Choir. After graduation he attended the University of Arizona and summers came back to appear in The Music Man and South Pacific for PM&L.

John and Joan were married and moved to Arizona while John attended the University. While there Joan had experience with Tucson's KVOA-TV. Another milestone occurred when daughter Jenny (now going on two)

(Continued on page three)

Lovely Kris-Ann Fournier, 18, freshman at Northern Illinois University at DeKalb, won the Miss Cinderella USA contest. She was one of the 12 finalists and won with her personality, intelligence and appearance. Kris is the daughter of Mrs. Robert Vallumstad of Lake Villa. More than 300 competed in the contest at Boston. She will receive a trip to Rome with all expenses paid.

Boy's Death Ruled From Natural Causes

A four-year-old rural Antioch boy, who died Friday after he and his younger brother were stricken, was the victim of pneumonia, the Lake County Coroner's office reported.

The victim was Thomas Wagner III, 4, son of Mr. and Mrs. Thomas Wagner of 20 Grapevine Ave.

The youngster died about 6:30 a.m. Friday while being taken to

Victory Memorial Hospital by the Antioch Rescue Squad.

Mrs. Wagner awoke to find the youngster having trouble breathing. Two hours after Thomas' death, Richard Wagner, 3, was showing the same symptoms of his brother and was having trouble breathing.

Richard was rushed to Victory Memorial Hospital for treatment. Authorities at first feared that the children might have gotten hold of some type of poison, but these fears were dispelled by the autopsy.

Sheriff's deputies checked the home thoroughly while the youngster's death was still under investigation, and of course, found nothing as it turned out.

Other children in the family were unaffected but were taken to the hospital for examination as a precautionary measure.

They included Tammie, 5, Shannon, 2, and Shawn, 7-months. Also examined were Jeffery Sherwood, 20-months; son of Mrs. Joyce Sherwood, 22, who has been living with the Wagners.

Thomas and Shannon, according to Sheriff's deputy Charles Heinzelmann, had been under the care of a doctor for tonsillitis.

State Bank Marking 75th Year

The State Bank of Antioch is celebrating its 75th anniversary this month.

The first bank was a private banking firm, Dan Head & Co., and in 1897 the firm was purchased by Edward Brook, a Burlington farmer.

His son, J. Ernest Brook, was put in charge of the bank and his son, William E. Brook now is president of the financial institution.

(Continued on page two)

Lindenhurst Will Raze Village Hall

Lindenhurst is going to lose its Village Hall. It is going to be torn down.

The Village Board, according to Clerk Louanne Cassidy, is considering a move to the Lindenhurst Shopping Plaza or might purchase a building to meet in or even build one.

The time of the move has not

Chamber Has New Offices

The Antioch Chamber of Commerce is well settled in its new offices in the Antioch News building, 966 Victoria St., Antioch.

The Chamber made the move recently to the newspaper building.

The Chamber has announced that it is sponsoring a circus on Sunday, July 13.

(Continued on page two)

Lithographs Will Be On Display

The public is invited to enjoy an exhibit of eighty original Currier and Ives lithographs during a two day showing in Pioneer Hall, 2424 Washington Street, Waukegan, on June 14 and 15.

They will be on display from 9:00 a.m. to 9:00 p.m. on Saturday and from 1:00 to 5:00 p.m. on Sunday.

These lithographs are a part of the collection of 200 originals owned by the Nationwide Insurance Company of Columbus.

(Continued on page three)

No. 2— This Currier and Ives print was drawn and placed on sale in 1864. Though it sold for only a few dollars then, it is a collector's item now. The print is from a series printed by the lithographers called "The Farmers Home."

Much Too Few

We were somewhat disappointed the other day to learn that President Nixon, in his wisdom, is only thinking about bringing home 25,000 of our boys in Vietnam.

We think that this figure is far too little.

At the last count the United States has some 540,000 men in Vietnam fighting a civil war that we never should have entered in the first place.

But we are there and so there is no use crying over spilled milk.

But it would seem to us after the many years that we have been training—or at least supposed to have been training—the Vietnamese to fight their own war, there should be enough trained to release more than 25,000 of our men from the area.

We realize that the United States has commitments it must keep with its allies, but 540,000 men is stretching things just a little too far in our opinion.

We feel that a more realistic figure would have been 100,000 or about a fifth of the men we have there.

As far as the so-called peace talks in Paris are concerned it is turning into a bad scene.

It doesn't look to us like we are getting anywhere.

So before they do us all in, we say bring the boys back home—alive.

Report Pollution

Pollution is a major problem in our society today as most everyone is aware.

But with the coming of the summer season—which will see our lakes jammed with craft—we must be ever more on the alert.

Waste material is constantly being dumped into our waterways.

But there is a way to cut down on this menace.

If you see such incidents, report them to the proper state agency.

In this way you will be assured of an investigation into the affair and maybe the practice will cease.

The U. S. Department of Agriculture Soil Conservation service wants to know about discharges of oil, raw sewage, industrial wastes as well as continued dumping of garbage, rubbish or junk into the waterways.

The department promises that all complaints will be investigated and violators prosecuted.

The penalty is pretty stiff—too. It ranges up to \$500 with an additional \$100 per day as long as the violation continues.

Maybe your action can save a stream.
At least it will be a start.

Hills, Curves Are Danger To Drivers

Traffic or no traffic, a curve presents a maneuvering problem. You certainly can't take one, especially if it's sharp, at a very high rate of speed.

The trick is not to realize it too late warns the Lake County Safety Commission. The time to brake for a curve is as you approach it—never in the turn. Enter the curve at a reduced speed, maintain a steady pace and then as you leave the curve, accelerate.

When you're taking a curve that bends to the left, keep to the right as far as you can to help you avoid an oncoming driver who may try to negotiate the curve at a speed too fast for conditions.

When you're taking a curve that bends to the right keep to the right so that centrifugal force doesn't cause you to cross the center line. As you approach the crest of a hill, slow down, keep to the right and be ready to brake. Keep checking the right-hand shoulder for a safe spot if you should be forced off the road by a driver who's passing on the other side and might pop over the crest in your lane.

The picture that greets you as you crest the hill might be one calling for quick defensive action—an accident scene, a vehicle stalled on the road or some other obstruction.

Don't be caught with your guard down. Be ready for anything as the other side comes into your range of vision.

Your Congressman

By Cong. Robert McClary

No "business" of the Federal government is operated in a less business-like manner than the U. S. Post Office Department. This gigantic operation with its 32,261 local Post Offices and approximately 750,000 employees is a disorganized Gargantuan that seems to defy genuine efficiency and essential modernization.

Notwithstanding the adoption of zip codes, conveyors, computers, and other modern techniques recommended by expensive industrial management analysts, operation of the Post Office Department has been marked by inefficiency and persistent deficits. Indeed, operation of the United States Post Office—as a government service—must be conceded to be impossible while it continues to function as a bureaucracy dominated by partisan politics.

Laying politics aside, the Post Office has little chance to overcome these deficiencies as long as it lacks the authority: (a) to establish its own rates and charges; (b) to retain the revenues produced by its own operations; and (c) to fix the salaries and working conditions of its own

State Bank ...

(Continued from page one)

The first location of the Bank of Antioch was the Powles building on Lake Street.

In 1900 a fire destroyed the bank's quarters and they were forced to move the establishment to Main Street and changed its name to the Brook State Bank.

A second bank, The State Bank of Antioch opened its doors in 1903 in the Somerville building on Main Street and in 1926 the two financial institutions merged to form the State Bank of Antioch and constructed a new building adjacent to the northwest corner of Lake and Main Streets.

In February, 1966 the bank moved into its present spacious, modern facilities at 408 Lake St.

Chamber Has New ...

(Continued from page one)

The circus is Sells & Gray and will give two performances on that day, one at 2 p.m. and the other at 5:30 p.m. Tickets are available from Chamber members.

The Chamber is also sponsoring a Baseball Night on Wednesday, Aug. 6.

The White Sox will play that night at Milwaukee. Tickets are available from members.

Letters to the Editor

Dear Friends:

At this time you will be receiving this letter. I will be attending the 123rd session of the East Wisconsin Annual Conference of the United Methodist Church. As usual, one of the highlights of the Annual Conference will be the Bishop's reading of appointments for the 1969-70 year.

I am pleased to tell you that Bishop Alton will appoint the Rev. Raymond Kotwicki as the pastor of the Salem United Church. This move concludes a hectic month in which the Bishop, the District Superintendent and your pastor-parish committee have all had to work co-operatively in obtaining the highest caliber of pastoral service for the coming year. I believe the Rev. Kotwicki will meet the present needs of the Salem United Methodist Church in a dedicated fashion.

Rev. and Mrs. Kotwicki are both graduates of Vennard College, located in Oskaloosa, Iowa. The Rev. Kotwicki began his pastoral service at the age of 18, serving in his pre-seminary days in the North Dakota Conference. He completes his required work at Garrett Theological Seminary this week and will receive his Bachelor of Divinity Degree. This past year he has served as pastor of the Caldwell and English Settlement United Methodist Churches. The Kotwickis have two daughters, Jane and Kathy.

May 1, at this time, express on behalf of the Achenrider family, our thanks and appreciation for

employees. This perplexing situation can only be understood when it is realized that: (a) the Congress fixes postal rates, salary levels, and other conditions relative to employment; (b) postal revenues are deposited with the general funds of the government; and (c) the operating losses which result from Third Class (bulk) mail business are required to be absorbed by the taxpayer "in the public interest."

What a dilemma!

President Nixon already has taken a number of bold steps designed to remove the Post Office Department from politics. At the President's direction, postmasters and rural mail carriers are no longer named as political appointees. Instead, a citizen's panel recommends and the Postmaster General appoints new local postmasters on the basis of merit. Rural carriers are, named by local postmasters under a similar arrangement. In cases where there are no applicants within the Post Office Department, appointments are to be made from among those who qualify after Civil Service Examinations. These changes evoked some criticism from political job-seekers. However, most Members of Congress appear to be relieved of the thankless burden of recommending local political figures for responsible positions in the Post Office.

President Nixon's recent message to the Congress proposes far more radical changes, including a transfer of the postal service from an Executive Department to a government-owned corporation.

Like any private company, the proposed corporation, to be known as the United States Postal Service, would be authorized to issue bonds to provide for its own improvement and modernization. It would be able to retain the earnings from its own operations, and to have its rates set by a three-man board subject to a veto power in the Congress.

The President's plan contemplates the removal of postal employees from their present civil service status. However, postal employees would receive the far greater authority to negotiate wage scales and working conditions with the management of the new United States Postal Service.

While these general changes have been recommended before, they will receive serious consideration for the first time at the present session of the Congress. Taxpayer and business organizations will endorse the government-owned corporation plan. However, the union of postal employees which prefers to receive salary and wage improvements through direct action of the Congress is expected to voice opposition.

The changes of favorable action by the Congress at this session are regarded as poor. But eventual approval of the plan for a government-owned corporation to operate the \$7 billion business of delivering the mails seems assured.

As Congressman Morris Udall of Arizona (Chairman of the Post Office Sub-committee) declared: "... I'm confident that now it's only a matter of time."

your many kindnesses during the past year. We have enjoyed our many opportunities of fellowship with you and hope we have been able to provide some sense of comfort and strength in your times of need.

We know you will accept your new pastor and his family with the same kind of warmth and personal regard. Through your united and co-operative effort much can and will be attained.

We want you to know that the doors of our home will always be open, should you be in or near the Nashville area. We would count it a pleasure to have you as our guests. My office address will be: The Rev. Bob Ochsenrider, 1908 Grand Avenue, Nashville, Tenn. 37203. Our home address will be 224 Wallace Road, Nashville, Tenn. 37211.

Again, our sincere thanks and appreciation for making this such a memorable year.

Sincerely,

Bob Ochsenrider

June 4, 1969
To the Antioch News and
Citizens of Antioch:

Having just arrived from a three day visit back in our dear old home town of Antioch, want to say what a nostalgic feeling came over me, to watch the annual Memorial Day Parade down Main St., to stand before the platform and hear the words of tribute to our War Heroes and Fighting Men ... to hear the

wonderful Antioch Grade School Band and feel proud when the flag was raised and lowered ... to say a prayer when Taps was played.

This was good old "Home Town U.S.A." This was good old Antioch and we will always be proud of her and be happy to say, "That's Our Home Town."

Mrs. Morris Verkest

Editor:

We would like to draw attention to the fact that since Spafford St. has had the new storm sewer installed, approximately 4 years ago, a few of the residents have had raw sewage in their basements after every substantial rain.

We have complained until we don't know who to complain to any more. We have been promised year after year that our problem would be corrected. We are still waiting, but not very patiently!

**Display
Your
Flag**

Don't forget to display your flag Saturday. It's Flag Day.

A 1941 Illinois statute establishing June 14th as Flag Day requires that the United States Flag be appropriately displayed on all public buildings within the state on that date. It also suggests that, "as a symbol of the sanctity of the home, the flag be displayed from every home on that day," reports the Illinois State Bar Association.

Flag Day has also been a federal holiday since June 14, 1777, the date the stars and stripes were established as the national flag by the Continental Congress.

When the Star-Spangled Banner was first flown by the Continental Army, General George Washington was moved to describe the symbolism of the stars and stripes. He is reported to have said:

"We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

Those people who will be displaying their flags on June 14th and on other federal and state holidays, such as the 4th of July, should clip out the following rules approved by Congress so they will be sure they are doing it properly.

(1) If the flag is displayed from a staff projecting horizontally or at an angle from a window sill, balcony or front of a building, the union of the flag (the stars) should be placed at the peak of the staff unless the flag is at half staff.

(2) When flown at half staff, the flag should be hoisted to the peak for an instant and then lowered to the half-staff position. The flag should again be raised to the peak before it is lowered for the day. The flag is flown at half staff on national and state days of mourning.

(3) When the flag is suspended over a sidewalk from a rope extending from a house to a pole at the edge of the sidewalk, the flag should be hoisted out, union first, from the building.

(4) When the flag is displayed otherwise than by being flown from a staff it should be displayed flat, whether indoors or out, or so suspended that its folds fall as free as though the flag were staffed.

(5) The flag should never be displayed with the union down except as a signal of distress.

(6) The flag should never touch anything beneath it, such as the ground, the floor, water or merchandise.

(7) The flag should never be carried flat or horizontally, but always aloft and free.

(8) The flag should never be used as drapery of any sort, suspended in a curve, drawn back, nor up, in folds, but always allowed to fall free. Bunting of blue, white and red, always arranged with the blue above, the white in the middle and the red below, should be used for covering a speaker's desk, draping the front of a platform and for decoration in general.

(9) The flag should never be fastened, displayed, used or stored in such a manner as will permit it to be easily torn, soiled, or damaged in any way.

(10) When it is in such condition that it is no longer a fitting emblem for display, the flag should be destroyed in a dignified way, preferably by burning.

Lindenhurst Will...

(Continued from page one) yet been decided.

The present village hall is situated on Old Elm Road and has outlived its usefulness.

The Board also rezoned the James Stricker property at Grand Avenue and Sand Lake Road to Commercial so that construction of a medical center, a car wash, stores and a day nursery can be speeded up.

The board also voted to install three-way stop signs at Beck Road and Lake Shore Drive.

Simon Supports...

(Continued from page two) of a bill that would permit non-profit private colleges and universities to raise money for construction by issuance of bonds.

"As far as I'm concerned, there would be no loss to the state at all in this. I think it would be a real plus," he said.

Mr. Simon was in Bloomington to make the commencement address, "The Challenges to Our Future."

**Archdiocese
Closing
Two Schools**

Fewer retrenchments in Catholic school operations here are expected this fall than were foreseen a few weeks ago, according to the Rev. Robert Clark, Superintendent of the Archdiocesan system.

In a report to the Catholic School Board April 17, Father Clark said five elementary schools in the archdiocese anticipated the possible shutdown of operations in June.

Only two of these are now scheduled to close. The two will be able to transfer all pupils to neighboring Catholic schools.

The picture for September is also brighter than was foreseen April 17, said Father Clark, in that no grades will be dropped in any school. Some few schools may discontinue kindergarten—an optional activity for schools and pupils in Illinois—but in cases where first grade closing had appeared a possibility, Task Forces of parish leaders have succeeded in efforts to assure sufficient revenue to maintain the schools in full operation.

Another brighter note than in the April 17 report, the Superintendent said is that four schools which proposed closing some classrooms will not thereby have to transfer pupils to public schools. Though using a reduced number of classrooms, they will be able to accommodate all prospective students without crowding.

The two schools which have received Archdiocesan School Board approval to close are:

St. George School, 3917 South Wells, now enrolling 244 pupils. The obsolescence of the building prompted the closing, but the Benedictine Sisters who staff St. George will remain in the community, and will assist as needed at nearby Catholic schools where St. George children will enroll.

St. Valentine School, 1235 South 50th Avenue, Cicero, now enrolling 109 pupils. Because it is losing the services of the Sisters of the Holy Family of Nazareth—compelled because of personnel shortages to withdraw from the school—the parish will send its children to two larger, accessible Catholic schools having space for them.

Before acting on any proposed cuts in school operations, the school board conferred with the Task Force of the school involved to hear its thinking and recommendations. Strengths in immaculate Conception School, 1431 North Park Avenue, outlined for the Archdiocesan School Board by the parish Task Force, brought board concurrence with the recommendation to continue the school—the closing of which had been rumored.

Task Forces operated this year in 340 of the 429 Catholic elementary schools of the archdiocese, surveying their financial, academic and personnel needs and resources. Nearly 6,000 persons served on the Task Forces, three-fourths of that number being laymen.

**VA Appraisal
On Homes
Holding Firm**

In the past year, only one out of every 14 home-buying veterans paid more for his G.I. home than the Veterans Administration's appraisal price, John B. Naser, manager of the Chicago Regional Office, said today.

This indicates that the VA's reasonable value appraisal is fair for the builder or seller as well as for the veteran, he said. Naser explained that Public Law 90-301, which went into effect on May 7, 1968, gives veterans the right to pay more for a home than the VA's reasonable value appraisal.

However, he added, the VA requires that this difference be paid in cash.

In the first 10 months following enactment of PL 90-301, the VA guaranteed or insured a total of 198,814 home loans. Of this total, only 14,325—or 7.2 per cent—had a purchase price in excess of the VA's reasonable value appraisal, Naser said.

The Chicago VA Regional Office manager noted that in more than half of the higher than appraisal value sales (7,785) the difference amounted to \$500 or less. Veterans paid a \$501 to \$1,000 difference in approximately 3,600 of the 14,325 above appraisal value sales, he said.

Naser added that 1,210 sales involved an above appraisal value cash outlay of \$1,001 to \$1,500, while 1,737 sales required cash payments of \$1,501 or more to meet the appraisal-sales price difference.

**FROM THE
STATEHOUSE
By
LT. GOV. PAUL SIMON**

A Dangerous Proposal Still Lurks

What must be considered the worst bill of the current legislative session remains alive and kicking.

It is a proposal to start Illinois on a new system of road financing that ultimately will result in almost half of our gasoline tax going for interest rather than road construction. The measure is House Bill 443 which has been amended to remove a few objectionable points, while adding others, but the basic measure would start Illinois on an interest-spending binge from which we would never recover.

The measure—five times larger than any bond issue in our history—has been reduced from a \$2.25 billion bond issue for roads to a \$2 billion bond issue but the interest has been raised from 6% to 7%.

That means we will be spending more money on interest than for roads. If the bonds were to be retired normally on a 30-year basis, the result would be \$2.1 billion in interest to \$2 billion in road construction.

But a little sentence buried deep in the bill allows a postponement of the payment on principal for ten years, which means that the interest cost will be even higher.

Ten years from now your gas tax will rise at least 3½ cents per gallon—just for interest. That is, if the money goes only for interest. But if the present practice of allocating part of the tax revenue to local government is continued, it would take about 7½ cents per gallon just for interest.

On top of that comes the payment of principal. If House Bill 443 passes, we can expect the gas tax to move up approximately 10 cents per gallon ten years from now.

People will start screaming, but it will be too late. The present bill is a "politicians' dream"—to build the roads now and 40 years from now people will still be paying for them.

Worse than that, it will start a trend which will be almost irreversible. This will be the easy route for builders of roads in the future.

Those who hold public office now can "point with pride" to roads we have built, and presumably the office holders are out of office before the awful truth and high taxes hit the public. Illinois needs better roads, but we should pay for them as we go.

If we get caught in the trap of House Bill 443, we will never get out.

**Teacher's
Information
Available**

DEKALB—Information regarding teacher certification requirements at the elementary and secondary levels in each of the nation's 50 states now is available in capsule format on a 22 by 34 inch United States Teachers' Certificate Map.

An outline of the basic requirements for teachers cited on this map are placed within the boundary of each state or in the immediate vicinity for easy reference purposes.

The map was prepared by two Northern Illinois University faculty members, Dr. Philip C. Wells and Howard D. Sims and former NIU faculty member Dr. Verl M. Short.

Each state lists information on the following teaching requirements: academic degree; number of semester hours; academic courses outside the field of education; professional education courses; specialization of major and minor subjects needed to teach a given area; and teaching experience.

Individuals desiring more detail information for any particular state are encouraged to write to the appropriate state director of certification whose name and address is listed under each state's certification requirements.

According to Wells, the map was prepared with the idea that this instant information would be a convenience to people who might move from state to state during their teaching careers.

"The Teachers' Certification Map will eliminate the time-consuming research for different sources listing nation-wide state requirements," Wells said.

Copies of the map may be obtained for \$2 each from the Northern Illinois University Bookstore, University Center or by sending to the following address: U. S. Teachers' Certification Map, 105 Thornbrook Road, DeKalb, Illinois 60115.

**VA Checks Returned,
Lack New Addresses**

Some 7,500 checks worth about \$655,000 were returned to the Veterans Administration last month because of the failure of veterans to notify both the VA and the Post Office of their change of address.

In some instances, the VA points out, failure to receive a monthly pension or compensation check from the VA creates a hardship for the family or individual involved.

Veterans or their dependents in receipt of VA benefits should include zip codes with their address changes, the VA said.

VA offices will be found listed in the white pages of telephone directories.

**Motor Club Pushes
To Protect Funds**

The Chicago Motor Club said today it would continue to campaign vigorously for passage of a constitutional amendment to protect Illinois highway funds from being diverted to non-highway uses.

Gerald W. Cavanagh, president of the motor club, said that, despite failure of a proposed anti-diversion resolution to muster the necessary two-thirds majority needed for passage in the House of Representatives, there is a growing awareness throughout the state of the need for this type of constitutional highway fund protection in Illinois.

He indicated that the motor club would continue its all-out efforts for passage of an anti-diversion amendment, with the next major attempt to come at the 1970 state constitutional convention. Cavanagh said:

"We are gratified that 92 members of the House did vote in favor of HJR 6; the meaningful anti-diversion resolution which was sponsored by Rep. Clarence E. Neff (R-St. Louis). Unfortunately, despite the fact that only 48 votes were recorded against the proposal, Assembly rules require 118 votes for passage of a resolution."

"The Chicago Motor Club regrets that, at a time when every cent of highway-user tax money is desperately needed for roads, the Illinois General Assembly still will not permit the voter-taxpayer to decide whether Illinois should join the list of 28 other states which already have non-diversion constitutional amendments."

Passage of the resolution by both the House and Senate would have permitted the anti-diversion amendment to be voted on at the next general election in November, 1970.

Cavanagh said the motor club is confident of eventual passage of an anti-diversion amendment because of the increasing realization that this constitutional protection of highway funds is the only way Illinois can be assured of the modern highway development so essential if any significant progress is to be made in reducing our mounting traffic death and accident toll.

The motor club president pointed out that one of the ironies of the 1969 Illinois General Assembly is that, despite numerous proposals calling for major highway-user tax increases, several bills have been advanced which would permit diversion of highway-user tax funds to non-highway purposes.

"The many diversion threats so apparent in the current Assembly clearly point up the urgent need for Illinois to have an anti-diversion constitutional amendment," he said. "The already heavily taxed highway user is entitled to this kind of consideration from his legislative representatives."

No Deals On Tax...

(Continued from page one) on late personal property bills. Thus a person who was delinquent still paid only the amount on the bill.

He said this may be one reason the rumor on deals got started.

People standing in line may have overheard a conversation regarding the no-penalty clause and immediately jumped to the conclusion that this fellow is receiving some kind of special treatment. "However," Sheehan said, "we are going to charge the penalty starting September 1."

Legal prosecution of delinquent taxpayers is continuing through the State's Attorney's office. Several thousand dollars in back taxes are being collected every month.

Sheehan emphasized that persons who rent and fail to pay personal property taxes are in no way contributing to local government, including schools, park district, road maintenance, police or fire protection.

Further, they are shifting the burden onto homeowners and property owners who fulfill their obligation.

Even though the personal property tax is held to be unfair by many and in some instances inequitable, it is nevertheless the law. Until repealed or changed, it is not up to the individual to decide whether he will pay or not pay.

It is only through local taxes that local services can be provided, and if a person who rents refuses to contribute through the personal property tax he really has no right to complain about those services because he isn't helping to pay for them.

As for why taxes went up this year, Sheehan suggests you check the breakdown which accompanies each bill. It shows the rate for the current bill and compares it to the rate in the prior year.

He points out it is the individual taxing district which has the power to increase the levy.

Title Role To...

(Continued from page one) arrived.

PM&L was very happy when Joan, John and Jenny moved back to Antioch. John is now a Marketing Representative Trainee with Standard Oil. John and Joan are both busy with rehearsals for Mary, Mary, and will follow immediately by appearing in A Funny Thing Happened on the Way to the Forum.

Meanwhile, Jenny is helping proud grandparents John and Jackie Horton adapt to their roles as babysitters par excellence! Tickets for Mary, Mary are now on sale. Call Ricky Apostol for reservations at 395-1217.

Lithographs Will...

(Continued from page one) Ohio, by whom they are being loaned to Cooperative Trading, Inc., of Waukegan.

The exhibit will feature scenes of rural life and the beauty of the four seasons as well as Civil War battles.

There is no admission charge to the exhibit, and each family attending will have an opportunity to receive a PM&L free.

Co-Op's Membership Activities Committee will host the showing. Members of the Lake County Art League will direct the hanging of the exhibit.

Tea will be served throughout the showing.

Employment...

(Continued from page one) tor of the Bureau's regional office in Chicago.

The monthly survey is conducted by the Bureau of the Census for the U.S. Department of Labor, and in the information is used to calculate the number of persons with jobs, the number of people looking for jobs, and the monthly percentage of unemployment, which is regarded as one of the most important measures of the Nation's economic health.

The information is used for statistical purposes only, and facts about each family are kept completely confidential.

Gauthier Heads...

(Continued from page one) committee.

In other organization changes announced at the same time, two NI-Gas vice presidents were elevated to the new posts of senior vice president. Howard E. Ford is now senior vice president-administration, while George C. Habenicht is senior vice president-marketing.

Also elected to a higher position was David E. Wallin, a former vice president, who is now vice president-marketing planning and services.

"Knock, knock."
"Who's there?"
"Cheap gasoline."

COMING EVENTS

Wednesday, June 11

Mr. and Mrs. Glader

Barbara Haase Wed In Millburn Church

Millburn Congregational Church was the setting May 31 for the marriage of Barbara J. Haase, of Antioch, to Allen C. Glader, of 1004 Old Mill Road, Lake Forest.

The Rev. Lauren H. Messersmith performed the double-ring ceremony. Miss Haase is the daughter of Mr. and Mrs. Clarence Haase and Glader the son of Mr. and Mrs. Edward Glader.

The new bride chose an A-line gown fashioned of Jakarta which was detailed with Venice lace and a detachable lace-edged chapel train. A complementing lace head piece was caught to the illusion veil. She carried white roses.

The bride was attended by her matron of honor, Mrs. Larry Jesse, and bridesmaids Mrs. Ken Watson, Miss Bonnie Haase and Miss Donna Haase, all sisters of the bride.

They chose floor-length gowns of empire style with three-quarter length bell sleeves edged with white lace and wore matching headpieces. They wore pastel rainbow colors, blue, pink, maize, lavender and mint green.

Serving as best man was the bride's brother-in-law, Larry Jesse, and ushers included Mr. Fred Glader, the groom's brother, Jim Maslanka, of Chicago and Mark Dreihobl, nephew of the groom.

Miss Denise Haase was flower girl for the ceremonies and Roger Dreihobl, nephew of the groom was ring bearer.

Special music was sung by the

Deans Visit Unique Show

HOMOSASSA SPRINGS, Fla.—Mr. and Mrs. Douglas A. Dean and family, of Antioch, recently visited Homosassa Springs Attraction 75 miles north of St. Petersburg-Tampa on Florida's west coast.

The Deans particularly enjoyed the "Walk under Water," the Spring of 10,000 fish.

Homosassa Springs features the "Spring of 10,000 fish" where more than 34 varieties of fresh and saltwater fish intermingle. This huge, freshwater spring flows six million gallons of water every hour. Visitors "walk under water" in a unique, floating observatory extending well down into the 55-foot deep spring and view the miracle of nature.

Other popular attractions are the scenic boat rides down a tropical waterway and walking the jungle nature trails. These lead to Alligator Lagoon, Waterfowl of the World Park, Sea Lion Spring, Otter Village, Deer Park, Garden of the Springs, and the Orchid House.

4-H Girls Wear Clothes With Flair

SPECIAL—It's smarter! It's better! It's cheaper! and it's fun! Making and modeling your own clothes.

That is the way 4-H girls feel who take part in the statewide 4-H Dress Revue program which credits not only best choice of attire, but also sewing ability. The girls are taught modeling finesse so when they show off their handiwork they will sit, stand and walk in a graceful and poised manner.

To help them acquire these talents is Simplicity Pattern Co., Inc., sponsor of the national 4-H Dress Revue program for 23 years. In cooperation with the Extension Service, Simplicity stylists work with clothing specialists and local volunteer 4-H leaders. Area fashion shows are presented where 4-H girls model professionally made clothes and their own garments.

Learning to choose the right pattern, fabrics and accessories is one of the main goals of the program. Annual awards are given by Simplicity.

This year about 8 of every 100 girls participating in the program are expected to qualify for a county dress revue medal. Last year nearly 26,000 girls in a nationwide enrollment of 335,000 earned a medal, according to Extension Service reports.

The state award is an expense-paid trip to the National 4-H Congress held in Chicago the first week in December. Then there are national scholarships of \$600 each presented to the six most outstanding state winners.

In Chicago, Simplicity will host the 1969 state and national award winners at a fashion picnic supper which will feature an advance showing of styles for Spring, 1970. A set of various sized dressmaking scissors enclosed in a personalized leather pouch will be presented to each girl by a company official. Music and entertainment will enhance the colorful party.

What more incentive could a girl want to make pattern and fabric, needle and thread, the most important things in her life right now?

Committee For Day Care Formed

A committee for Day Care in Lake County has been formed with the purpose to help educate and inform citizens of the need for adequate day care and to foster, promote and maintain services and facilities for this purpose.

Chairman of the committee is Mrs. Priscilla Richardson of Gurnee, who serves on the Welfare Services Committee of Lake County and has recently resigned as director of Lake County Headstart after nearly four years as a volunteer or staff member.

Other members include Mrs. Anthony D. Eastman, Lake Bluff, Mrs. W. I. Jenkins, North Chicago, Mrs. Raymond Meade, Libertyville, Mrs. Stanley Schiesinger, Highland Park, and Mrs. Thomas Toser, Lake Bluff.

Moose Home on Thursday, June 12th, starting at 8 p.m. Fashions of Girl Talk will be modeled and tickets will be available at the door. Refreshments will be served. Donation for the Sunny Time Style Show is \$1.00. All members and their friends are invited.

An enrollment ceremony will be held for the Loyal Order of Moose on Saturday evening, June 14, starting at 8 p.m. A smorgasbord will be served and music for dancing will be supplied. Mike Phillips will be chef for the fish fry served at the Antioch Moose Home Friday evening, June 13.

The friendship committee had charge of the chapter night program conducted at the Antioch Moose Home on Thursday evening, June 5th. The ring ceremony was performed to welcome eight new members into the friendship circle. Receivers of the golden ring were Bernice Rosquist, Beatrice Phillips, Lydia Pedersen, Merry Keulman, Pat Sperling, Sally Whitney, Marge Saugstad and Camella Kohl. These girls first received their degree on May 4th, at Madison, Wis., at the annual session which was held there. Aides for the receivers were Pat Wagner, Harriet Grewe, Winnie Casperson, Doris John, Rose Kennedy, Millie Stroner, Lorraine Tesch and Lillian Heraty. Gladys Schroeder, pianist, collegian and friendship member, was guest speaker for the evening.

Following the ring ceremony, an enrollment was held for seven new members for the Women of the Moose. They are as follows: Patricia Serwa sponsored by Shirley Rentsch, Judith Page, sponsored by Pat Wagner, Florence Kusch sponsored by Lillian Birdsell, Linda Pedersen, Patricia Bever, Janet Freitag and Phyllis Stevens all sponsored by Jerri Polson. Refreshments were served by the Friendship committee.

The Social Service committee will sponsor a style show at the

Libertyville Art Show Set

The 16th Annual Libertyville Art Show sponsored by the Libertyville Arts Club will be held Sunday, June 29 in Cook Memorial Park, Libertyville—or in case of rain, July 6th.

The exhibits of oils, water colors, ceramics, sculpture, and hand crafted jewelry will be on display from 10:30 a.m. to dusk. Ribbons for best works of art will be awarded as follows: Best of Show, Best Water Color, Best Oil, Best Sculpture, Best Art Craft.

Anyone who would like to exhibit is invited to contact festival chairman, Elenor Brown at 362-0253 for entry blanks and further information.

One of the features of the show will be Carol Bourdo of Westchester, Ill., an accomplished artist, who will do spot sketches of children.

For your further enjoyment in the park, hot dogs and other refreshments will be available.

Guest Pastor At St. Stephen Lutheran

Rev. Phillip Laurin, Assistant Pastor of Trinity Lutheran, Rockford, Illinois' largest church, will be Guest Preacher at St. Stephen Lutheran Church, Hillside Avenue and Route 59, Antioch, Illinois, on Sunday, June 15.

Until a new minister is assigned, Pastor Lawrence Wick of Grace Lutheran Church, Richmond, Illinois, is acting as Vice Pastor for the church. For Pastoral Services, Pastor Wick may be contacted at 815-678-2841 (Church) or at his residence 815-678-3082.

A cordial invitation is extended to everyone to visit and worship at The Church on the Hill. Sunday Worship is at 9:30 a.m.

Carol Frasier of Antioch graduated May 25 from Eastern Illinois University with a bachelor of arts degree in elementary education. Miss Frasier intends to teach in California.

Two Appointed To Board Of Lectureship

James E. Pike of Chicago has been appointed to The Christian Science Board of Lectureship. His extensive tours, beginning this summer, will extend throughout the United States and parts of Canada.

The announcement was made June 2 at the Annual Meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

Mr. Pike is a graduate of De Pauw University. He later served as administrative assistant to the president of Wabash College, in Crawfordsville, Indiana. He is a native of Hudson, Indiana.

During World War II, while in military service, he was a volunteer Christian Science wartime worker in Europe. He was decorated with the Bronze Star medal for gallantry in action during his military service.

Mr. Pike entered the public healing ministry of Christian Science in 1956. He is an active member of First Church of Christ, Scientist, Evanston, Ill. Jessica Pickett of Chicago has been appointed to The Christian

Engagements Are Announced

Denise Messersmith

Mr. Donald Messersmith, of Antioch, today announced the engagement of his daughter, Denise Elaine to Dennis C. Bruesch, of Antioch.

Both are graduates of Antioch High School.

A June 28 wedding is planned at Faith Evangelical Lutheran Church.

Sheryl Bury

Mr. and Mrs. George J. Bury, of rural Lake Villa, have announced the engagement of their daughter, Sheryl Stelle to Patrick Hofkamp, son of Mr. and Mrs. Edward Hofkamp of rural Antioch.

Mr. Hofkamp is a sophomore at Kenosha Technical Institute and Miss Bury plans to attend the College of Lake County this fall. Wedding plans are indefinite at this time.

Barbara Casella

Mrs. Jacque Casella of Antioch and Mr. Joseph Casella of Trevor, Wis., have announced the engagement of their daughter, Barbara, to Robert Oilschlager of Lake Villa.

Both are graduates of Antioch High School and are presently juniors at Eastern Illinois University at Charleston.

An August 23 wedding is planned.

Secretaries Meet Thursday

The monthly meeting of the Lake County Legal Secretaries Association will be held Thursday, June 12, 1969 at the Lake County Court House, Tenth Floor.

The speaker, Mrs. Ruth S. Levine will be from the Department of Children and Family Service and the subject will be on their adoption program.

All legal secretaries in Lake County are cordially invited. Refreshments will be served by Mary Del Conte and Mary Dreihobl.

ST. PETER'S ALTAR & ROSARY SOCIETY SCHEDULE RUMMAGE SALE

St. Peter's Altar and Rosary Society will hold its Tenth Annual Rummage Sale June 27 and 28, at the Social Center. The hours will be Friday, the 27th 10 a.m. until 9 p.m. and Saturday, the 28th, 10 a.m. to 1 p.m. This year a new room will be added along with the French Room. It will be a Garden Shop and there will be small plants available.

Co-chairmen of this year's sale are Mrs. Robert Corso and Mrs. Andrew Proctor.

This is the largest money-making event of the organization each year. Ample parking is provided and refreshments are available.

The Clarence Perkins' Surprised With 50th Anniversary Party

By Del Jahneke
The Lakeside Rebekah Lodge No. 82, the Lake Villa American Legion and the Auxiliary and the Lake Villa VFW Post and Auxiliary held a joint celebration "surprise" 50th wedding anniversary smorgasbord dinner party for Mr. and Mrs. Clarence Perkins of Lake Villa, at the Lake Villa Grade School, on June 7th.

There were approximately 150 guests present, and the Perkins' received many lovely gifts, including a "Gold Tree", and a "golden treasure chest." After the dinner, there was guitar playing and group singing of all the old favorite songs.

Both Mr. and Mrs. Perkins have been active in all three organizations, "hosting" the party. In the Lake Villa American Legion and Auxiliary, both have been Past Commander and Past President, respectively. Mrs. Perkins is again serving as unit president of the Auxiliary this year. In the Antioch Lakeside Rebekah Lodge, Mrs. Perkins is a Past Noble Grand, and Clarence Perkins has held many offices in this organization, too.

The Lakeside Lodge No. 82 will meet on June 18th, at the Antioch American Legion Home, at 8:00 p.m. Mrs. Walter Buchert, Noble Grand, reports that June 18 is District's Officers' Night, when the officers of Nostriol No. 3 will be their honored guests.

Students taking part are the Misses Karen O'Dell, Gloversville, New York; Phyllis West, Lincoln, Delaware; and Karen Lind, Clarendon, Vermont. Miss Louise Lamb, Dean of Women and Director of Music will be piano accompanist.

James Sheppard of Westford, Massachusetts, will be bringing the message. Before enrolling at the Bible Institute Mr. Sheppard was employed by the Federal Aviation Agency with the Boston Air Route Traffic Control Center, controlling air traffic in the Northeast part of the United States. He is one of the student leaders at the Bible Institute and an excellent speaker.

The Bible Institute of New England is located on a 26-acre campus in St. Johnsbury, Vermont. It offers an intensive three year course of Bible study and related subjects, seeking to prepare students for full time work as pastors, missionaries, children's workers, and other forms of Christian work.

Dr. Bruce L. Morgan is President of the school. Rev. Thomas A. Golden is Dean. The public is cordially invited to attend this special program of song and testimony.

CHRISTIAN SCIENCE CHURCHES

"God the Preserver of Man" is the subject of this week's Bible Lesson-Sermon which will be heard Sunday in all Christian Science churches.

"The Lord shall deliver me from every evil work, and will preserve me unto his heavenly kingdom: to whom be glory for ever and ever." This verse from II Timothy is the Golden Text.

A correlative passage, from Science and Health with Key to the Scriptures by Mary Baker Eddy, explains: "The divine Mind that made man maintains His own image and likeness."

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, Illinois, begin at 11 a.m., and all are welcome.

SUNDAY, JUNE 15, 1969

Youngsters love to go places and do things with their parents. But what can a young person do if tragedy takes a father or a mother out of his life? When we come to know God better as our loving Father-Mother, He fills the empty spots in our life. Listen June 15th at 9:30 a.m. to "WHEN TEEN-AGERS MISS A PARENT'S LOVE" on WAIT. 820 kc.

It's FATHER TIME again!

Grass Lake PTA Lunch A Success

More than 80 persons attended the Grass Lake PTA Teacher Appreciation Luncheon held June 5 at Fiddler's Green. It was an unqualified success.

Teachers and school employees attending the luncheon were presented with corsages and bouquets made by Mrs. E. Okresnik.

Evelyn Dean, president of the PTA expressed her organization's appreciation for the fine work the staff did this year.

Supt. John P. Schockmel received a ceramic plaque with a picture and an inscription of his 1944-49 tenure at Grass Lake School.

The art work on the plaque was done by Linda (Pierce) Meyer, a former graduate of Grass Lake School and the ceramic work was done by Elaine Wojnowiak.

Gift certificates were presented to Mabel Byrne, secretary, and Mrs. Fitch, cook, and to Miss Mildred LaPlant who is retiring after teaching for over 10 years at the school.

The guests were also treated to a style show co-chaired by Mrs. Lorraine Cerk and Dolly Haling.

Where The Boys Are

U. S. ARMY, VIETNAM — Army Private First Class Philip N. Thiele, 22, son of Mr. and Mrs. Emanuel J. Thiele, Route 2, Antioch, Ill., was assigned as a chaplain's assistant with the 20th Engineer Brigade in Vietnam, May 7.

Airman First Class John A. Van Haecke, son of Mr. and Mrs. Elmer Van Haecke, Sr. of Rte. 2, Antioch, has been recognized for helping his unit earn the U. S. Air Force Flying Safety Plaque.

Airman Van Haecke is an administrative specialist with the 4780th Air Defense Wing (Training) at Perrin AFB, Texas. The unit was cited for 80,000 hours of accident-free flying over a 24-month period.

The airman, a graduate of Antioch Community High School, attended the University of Illinois. His wife, Patricia, is the daughter of Mr. and Mrs. Louis P. Morval of Rt. 2, Antioch.

PARTY FOR TEACHER AT GRASS LAKE

Room Mothers Mrs. J. Bloom and Mrs. H. Okresnik helped the fifth grade of Grass Lake School to hold a surprise party for their teacher, Miss Mildred LaPlant, who is retiring this year.

The class sang "School Days" and presented an album book with pictures and personal letters written to her. Tape recording of Miss LaPlant's speech to the class was made. Cake was served.

Two awards were given to scholars for the best effort in school work, Sherri Ahear and John Geiger.

WHAT'S WRONG WITH FEELING PROUD?

The following message was circulated by the Mississippi Power & Light Company and seems particularly appropriate as a reminder of Flag Day, which is to be observed on June 14.

What's wrong with feeling proud when you see your country's flag? What's wrong with getting a little choked up?

There are those who will tell you that honor to the flag is out of style, is old-fashioned, is unsophisticated.

But taking pride in "Old Glory" . . . gathering an extra surge of courage from its bright, rippling folds . . . was not out of style in far-off places like Chalapepec and San Juan Hill and Chateau Thierry and Iwo Jima and Hill No. 875.

And it isn't out of style right here and now, either.

So go ahead. Lift your hat or put your hand to your heart when your nation's flag goes by. You're a better American and a better human being when you do.

Two Awarded Degrees

Two Lake Villa students were presented degrees from Northern Illinois University at DeKalb in ceremonies held last Saturday.

William L. Jarvis, of 84 Grand Ave., was given a Bachelor of Science degree, and Carol Ann Walter, of 617 Fairview Lane, a Bachelor of Science in Education degree.

The best gift for a man who has everything is a burglar alarm.

John D. and Joan Horton, principals in the cast of "Mary, Mary," the coming production of PM&L.

FUNERAL NOTICES

ARNOLD HAMROCK

Mr. Arnold Hamrock, 73 years old of 351 Lake Wood Drive, Antioch, passed away at 5:00 p.m. Friday, June 6th, in Victory Memorial Hospital. He was born June 21, 1895 in Chicago and resided there until moving to Antioch four years ago, but had been coming here since 1960.

He was a member of the United Automobile, Aerospace and Agricultural Implement Workers of America U.A.W. He had served in the U. S. Army during World War I. He was a pipe fitter by trade and more recently employed as a machinist at Repco Mfg. Co. in Richmond.

He married Edna Smith on Dec. 20, 1937 in Chicago. Survivors are his widow Edna, and one sister, Alice Knoll, of Antioch.

Funeral services were held at 9:00 p.m. Sunday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the United Methodist Church officiated. Interment was private.

IRENE M. CHOPE

Mrs. Irene M. Chope, 76 years old of 907 Keith Ave., Waukegan, passed away Saturday, June 7, at 3:30 a.m. in Victory Memorial Hospital. She was born August 6, 1892 at Wadsworth, Ill., and had lived on a farm at Millburn before moving to Lake Villa.

She and her late husband owned and operated the Waukegan Riding Stables on Golf Rd. & Jackson St. before moving to Holdridge Road. Irene M. Dietmeyer married Carl J. Chope in January 1920, at Waukegan and her husband preceded her in death on July 29, 1959.

Survivors are one daughter, Phyllis (Richard L.) Lencioni, of Waukegan, a sister, Mrs. Maude (Frazier, Sr.) Hollenbeck, of Baltimore, Maryland, one grandson, Richard Carl Lencioni, of Waukegan.

Funeral was held at 2:00 p.m. Tuesday at Strang Funeral Home at Antioch. The Rev. L. H. Messersmith of the Millburn Congregational Church officiated. Interment was in Millburn Cemetery.

ELEANOR E. CASEY

Mrs. Eleanor E. Casey, 53 years old of 710 6th Street in Silver Lake, Wis., passed away Friday, June 6th at her home suddenly from a heart attack. She was born Oct. 11, 1915 in Chicago and resided there until moving to Silver Lake in 1951.

She was employed as a secretary at Jays Foods in Silver Lake for the past nine years. She was a member of the Business & Professional Women's Association at Silver Lake. Eleanor Fritz married Lloyd C. Casey, Jr., on March 23, 1935 in Chicago.

She is survived by her husband Lloyd C. Casey, Jr., one son Lloyd C. Casey III, of Silver Lake, Wis., one daughter, Mrs. LaDonna (Gerald) Mowe, Cudahy, Wis., two brothers, William Fritz of Homewood, Ill., and Henry Fritz, of Dowagiac, Mich., one sister, Mrs. Hilda Plumhoff, of Chicago, and 7 grandchildren.

Funeral services were held at 10 a.m. Monday at the Strang Funeral Home in Antioch. Interment was in Salem Mound Cemetery near Silver Lake, Wis. Pastor Harold Nelson of St. Mark Lutheran Church at Lindenhurst officiated.

THOMAS EDWARD WAGNER

Thomas Edward Wagner III, four years old of Channel Lake near Antioch, passed away at 8:45 a.m. Friday, June 6th at the home of his parents on Grape Vine Ave. He was born May 9, 1965 in Riverside, Calif., and had resided in Chicago before moving to Antioch on Dec. 23, 1968.

He is survived by his parents, Thomas and Shirley Wagner, of Channel Lake; 4 brothers and sisters, Tammie Louise, 5 years old, Richard, 3 years old, Shannon, 18 months old, Sean, 7 months old, the maternal grandparents, Nina and Henry Bloom, of Trevor, Wis., paternal grandparents, Susan and Thomas Wagner, of Antioch; paternal great-grandmother, Josephine Cino, of Chicago and maternal great-grandmother, Mrs. Elita Elde, of Monticello, Wis.

Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. The Rev. Father Alfred Henderson officiated. Interment was in Mount Carmel Cemetery at Antioch.

PAULINA STEFAN

Mrs. Paulina Stefan, 83 years old of Camp Lake near Trevor, Wis., passed away on Monday, June 9, at the Silver Lake Nursing Home at Silver Lake, Wis. She was born May 3, 1886 in Kukulwicz, Hungary and came to America in 1902 to Cincinnati, Ohio, where she married Adam J. Stefan, Sr. on Dec. 12, 1906.

She had resided at St. Louis, Gary, Ind., Chicago, and Sullivan, Mo., before moving to Camp Lake in 1957.

She was a member of Peace Evangelical Church at Wilmet, Wis. She was preceded in death by her husband Adam J. Stefan on May 24, 1958.

Survivors are four sons, Adam Stefan, Jr., of Chicago, Andrew M. Stefan, of Newport Richie, Fla., Carl A. Stefan, of Trevor, Nicholas H. Stefan, of Galesburg, Ill., four grandchildren and six great-grandchildren.

Funeral services were held at 10 a.m. Wednesday at the Peace Evangelical Church in Wilmet. Pastor George Enderlie officiated. Interment was in Chapel Hill Gardens West cemetery at Elmhurst, Ill. Friends called at the Strang Funeral Home in Antioch after 5:00 p.m. Tuesday.

BRIDAL SHOWERS

Miss Carol Anne Fischer of Waukegan was guest of honor at two bridal showers the past month. Several of her friends attended a shower given by her bridesmaids, Mrs. Marybeth Bentel, Mrs. Judy Smith and Mrs. Linnea Seron, all of Antioch and Miss Cathy Girardi of Waukegan, at Mrs. Bentel's home, on May 18. Last Thursday evening, Miss Fischer's two aunts, Mrs. Patricia Bloski and Mrs. Emmy Cescowski of Waukegan hosted a shower at Mrs. Cescowski's home. She received many lovely and useful gifts.

Miss Fischer, the daughter of Mr. and Mrs. Francis E. Fischer, 2217 Hawthorne Lane, Waukegan, will become the bride of Robert W. Thomley, son of Mr. and Mrs. Manfred Thomley, Lindenhurst, at St. Dismas Church in Waukegan on June 28.

Mr. Thomley is a specifications writer for Microstatics Division of SCM Corp. in Skokie. He is well known to the local theatre audience for performances in the PM&L players presentations.

BIRTHDAY CELEBRATION

The Bernau family celebrated three birthdays and one wedding anniversary at the home of Mr. and Mrs. William (Ann) Bernau in Waukegan last Sunday. Their daughter, Lauren Ann, was a year old on June 9. Grandpa Ed Bernau's birthday was June 11. Annd Uncle Ed Bernau celebrated his 28th birthday June 14. (Everyone flies their flag on his birthday). Helping them celebrate were Ed's bride, Hope, (They were married March 20). Lauren's grandmother, Mrs. Bernice Bernau and great-grandmother, Mrs. Ella Schroitland. Friends from Zion and Waukegan also were present.

BIRTHDAYS

A very happy birthday is wished to Bill Schulz, Thor Neumann, twins Gloria Lynn and Rita Louise Marshall, Florence Gruszczki, and Joyce Caroline Landt. Anniversaries

Our very best wishes to Floyd and Lu Stanley on their 21st wedding anniversary June 15. And to Tony and Sandy Drago on their 28th wedding anniversary June 12. Also Paul and May Hunt on their 21st anniversary on June 16. Mr. and Mrs. Anthony Repas will be married 36 years on June 17. Roy and Evelyn Jacobs 37 years on June 18. George and Bonnie Zank were married three years June 11. Bob and Joy Manuel will be married 9 years on June 18. And Pierre and Mina Claessens will be celebrating their 24th wedding anniversary on June 16. Father's day will be Bill and Florence Schulz's 48th wedding anniversary. May they celebrate many more years together.

NEW BABY

Mr. and Mrs. Dennis (Dee) Mullan, 68 Orchard Lane, welcomed their second son and third child at Victory Memorial Hospital on May 25. Kenneth Arnie weighed 5 pounds 13 ounces at birth. He has a sister Wendy two years old and a brother Kerry a year old. The grandparents

ADOPTEE

Mr. and Mrs. Jerry (Kate) Nordness are two of the happiest people in Lindenhurst. Last Wednesday they received their second son whom they are adopting. Little John Richard is an 11 pound little red head born April 18. Their other adopted son, Mike, was just two years old June 9. They received him when he was just a few weeks old, also. Congratulations to the wonderful family. Mrs. Nordness is president of the Lindenhurst Women's Club, and Mr. Nordness is secretary of the Men's Club.

ALTAR & ROSARY MEETING

Due to the rain storm last Wednesday evening, only 11 ladies attended the Prince of Peace Altar & Rosary Sodality meeting. The main business discussed was the forthcoming rummage sale on June 20 and 21 to be held in the School rooms. Members were asked to sort rummage during the coming week and the days of the sale.

TO CONFORM WITH OTHER SODALITIES

In the Archdiocese elections will be held during May after this year. Present officers will serve until then. There will be no meeting in July. Instead there will be a meeting in August to discuss the Summer Festival.

Three Get Degrees

Raymond L. Schaefer, of 1019 Main St., Antioch, Dennis W. Apostolou, of RFD 1, Box 188, Lake Villa, and Joyce Ann Cain, were among those receiving degrees from Southern Illinois University at Carbondale Wednesday.

Lindenhurst News

WOMEN'S CLUB MEETING

The Lindenhurst Women's Club will meet tonight, June 12, at 7 p.m. at the Civic Center on Old Elm Road. Ladies are asked to note the change of time. A representative of the Illinois Bell Telephone Co. will speak on Civil Defense and someone in Denver will be waiting to accept a call during the program. All women in Lake Villa Township are invited to attend.

ADOPT A BABY

Mr. and Mrs. Jerry (Kate) Nordness are two of the happiest people in Lindenhurst. Last Wednesday they received their second son whom they are adopting. Little John Richard is an 11 pound little red head born April 18. Their other adopted son, Mike, was just two years old June 9. They received him when he was just a few weeks old, also. The Nagger ...

Dryer That Really Cares For Permanent Press

BENTON HARBOR, MICH.

Today, many articles you buy are permanent press and there are many more coming. Whirlpool Corporation, a leader in the development of laundry equipment to properly care for permanent press, has just introduced another innovation that will make it possible for the busy homemaker to carry on with her daily chores while her Whirlpool automatic dryer cares for her permanent press articles.

This new dryer features Finish Guard. Finish Guard does what its name implies. It guards the finish of permanent press articles.

Let's say it is one of those typical busy days most homemakers experience every day. The laundry must be done and the usual running that has become part of the homemaker's daily routine must be done. A load of permanent press articles have just been washed and they are placed in the dryer. You now want to do your grocery shopping while they dry. . . . HOLD IT . . . you remember that for best results, permanent press articles must be removed immediately at the end of the drying cycle. If not, they may develop wrinkles from lying on the bottom of the dryer drum.

But . . . you are going to be at the grocery store when the drying cycle ends and cannot possibly remove the articles. But that's o.k. . . . If you have a new Whirlpool dryer with Finish Guard because it eliminates the need for you to remove the articles at the end of the drying cycle. Here is how it works.

At the end of the drying cycle, the dryer turns off and buzzes. If you are not there to remove the articles immediately, don't worry, for in five minutes the dryer will automatically start again, gently tumble the articles for ten seconds, turn off and buzz again. This is repeated every five minutes for two and one half hours or until you return to turn off the machine and remove the permanent press articles. In the event you are busy around the house it will nag you by buzzing every five minutes until the clothes are removed — and when you do, to your delight, they will be free from wrinkles. That is why it is called the "nagger",

but it nags for your own good. All it takes, according to hours of study by Whirlpool Corporation, to maintain the sharp crease and neat pressed appearance of permanent press articles, is to tumble them every five minutes and for only ten seconds. Whirlpool knows because they are keeping pace with the fast moving permanent press articles field. It's economical too because the total running time of the dryer during Finish Guard is only five minutes.

On June 18. And Pierre and Mina Claessens will be celebrating their 24th wedding anniversary on June 16. Father's day will be Bill and Florence Schulz's 48th wedding anniversary. May they celebrate many more years together.

THE ANTIOCH NEWS—5

THURSDAY, JUNE 12, 1969

Heard a sad story about an actor who fell off a ship passing a lighthouse and died. Seems he drowned while swimming in circles trying to keep in the spotlight.

The champion athlete in bed with a cold was told he had a temperature. "How high is it, Doctor?"

SPORTS

THURSDAY, JUNE 12, 1969

THE ANTIOCH NEWS—6

Courses Set On Archery

Youths, this is your chance to take part in the rewarding sport of archery.

The Illinois Conservation Archers are planning two five-week courses in the instruction of target archery. The free lessons will be held on Thursday evenings from 6:30 to 8:00 p.m. at the club range, located on the Northern Conservation Club grounds, on Rte. 173 three miles west of Antioch.

The first lesson will run June 28th through July 24th. With the second lesson running July 31st through August 28th.

Boys and girls interested, between the ages of ten and fifteen, may contact the President—Russ Landt, 395-2539 or the Vice President—Dave Smith, 356-8840 as soon as possible.

Archery equipment will not be provided, but little can surpass the opportunity to develop a sport that provides sportsmanship, entertainment, fresh air, competition and lots of fun. Archery is a sport that is gaining more and more attention, and also will be included in the 1972 Olympics.

The Illinois Archery Association alone has 91 affiliated clubs in all parts of the state and has 2,570 individual members.

An archery tournament can be found somewhere in the area every week-end of the summer.

Antioch Drug beat out the Advertiser by a score of 5 to 3 on Thursday, June 5, with Gary Inman the winning pitcher in the Babe Ruth League.

Inman gave up only one earned run and ran a career high in strike outs with 15.

Leading the hitting attack was Gary Racine with a double and two runs. Ken Sterbenz had two runs batted in and Mike Guilfoyle had two hits and one RBI.

Chip Gross doubled home a run and had three walks, two intentional. Larry Palowski had two hits and drove in two runs.

Losing pitcher was Harold Waring.

Little League Action

Little League play resumed in the Antioch area on May 29 with the Giants whipping the Sox by a 17 to 8 score. The winning pitcher was Isaacson while the loser was Seemann.

Mon Monday, June 2, the game between the Cubs and Cardinals was rained out but rescheduled for Friday, June 6.

The Cubs swamped the Cards by a 10 to 0 score. Mitch Witt was the winning pitcher while the loser was Brophy.

On Tuesday, June 3, the Yankees met the Tigers and the Yanks came out on top by a score of 5 to 0 behind the pitching of M. Andrews. Losing pitcher was Schmidt.

The Wednesday, June 4 game between the Cardinals and Dodgers was rained out but rescheduled for Saturday, June 7, with the Dodgers trouncing the Cards by a 5 to 3 count.

Winning pitcher was Lindberg and the loser was Schmidt.

On Thursday, June 5, the Sox beat out the Cubs by a 5 to 4 count with Warner getting the win and Mike Witt the loser.

On Friday, June 6, the game between the Giants and Pirates was rained out and has not yet been rescheduled.

Tom Irving holds a large carp that he caught with his hands in Sequoit Creek on Thursday, June 5. This is the 10th for Tom. His system is to hit the fish over the head, grab him by the gills and throw him on the bank. It has proved successful for Tom.

Rain Halts Showdown At Wilmot

Wilmot, Wis.—Saturday night, June 7 was to have been a showdown race between the top four drivers in modified stock car racing but the weatherman

Dragaway Double On Tap

The first double feature event of the year will be held Sunday at the Great Lakes Dragaway.

The National Association of Dragstrips Super Eliminator cars and the United Drag Racers injected fuel funny cars circuit will headline the races.

This is the second showing of the Super Eliminator cars and the third appearance of the injected fuel funny cars. Standouts in the funny car division include Jack Dittmars of Harvey, Ill., Jim Guthrie of St. Louis, Phil Slack, Nick Capstone and Al Fontanini, all of Chicago.

Gaglione driving a 69 Chevrolet was the winner in April while Fontanini driving a 69 Charger topped the May event. Dittmars was runnerup both times.

Top driver in the Super Eliminator division are Paul Stage of Rockford, Jon Hanson of Milwaukee and Bill Knox of Chicago. Knox will drive a supercharged Chrysler-powered roadster, the Dennison, Arlasky and Knox Special, Hanson will pilot a supercharged gas dragster, the "High Performer" while Stage will drive his nitro fuel injected competition coupe.

Stage is the 1967 and 68 national champion in his division. Graudge racing will be held Saturday from 6 to 11 p.m. Cost for the grudge racing is \$1 for car and driver, the entire 5 hours.

The dragstrip is located 20 miles south of Milwaukee on Highway 45.

Random Auto Inspection Moves Ahead

Random inspection of motor vehicles has been passed by the Illinois House of Representatives and now goes to the Senate for further action, Secretary of State Paul Powell announced today.

The measure, supported by Powell, is patterned after the California system and requires that all motor vehicles be in full compliance with all equipment requirements at all times. The principal sponsor is Representative Robert Craig of Indianapolis.

The bill states that where there are defects, those defects should be corrected and where there is an obviously hazardous defect, replacement or repair can be ordered immediately or the vehicle required to be stopped and parked, Secretary Powell said.

A summons would be issued by the State Trooper or Secretary of State Investigator for a defect, and a second summons issued for failure to repair if repairs were not made on or before trial date, on the first summons.

The Illinois Vehicle Code would be amended to provide for random inspection of all vehicles on the highway, trucks, buses and taxis in the terminal or garage and trucks at weigh stations.

A certificate of inspection would be issued for a vehicle in condition, and if there are defects, Chapter 12 would apply.

Secretary Powell stated that the administration under this bill would be by the Illinois Vehicle Inspection Board and officers would be supplied primarily by the State Police and the Secretary of State. The Illinois Commerce Commission could supply them when "for-hire" items are being checked, as to trucks and buses.

Under this joint program, State Police would inspect for equipment and investigators of the Secretary of State for registration and driver licensing.

BPA Bowling Finals Coming Up Saturday

BPA finals will be held June 14, at 7:30 p.m., at the Antioch Bowling Lanes, Inc.

There are 12 men's teams participating for a first prize of \$1,500 and six women's teams competing for a first prize of \$700.

SPoon FISHING...and other tips

BY TOM ANDREWS

"SILVER" LURES TRAVEL BEST

Some fishermen, like me, travel a lot. Others, and you may be one of them, can only fish new waters once a year at vacation time. Yet both of us have felt the need for a lure that would work well anytime, anywhere.

When I started analyzing this problem some time ago, I discovered that it came in two parts. It wasn't enough just to settle on a particular type of lure. I learned. You also had to be concerned with the color of that lure.

Fortunately, it didn't take me long to nail down the kinds of lures that would serve well no matter where they were used, the season, or the weather. The spoon and the jig won hands down. Why? Well, if either lure has the weight and shape of a Johnson Silver Minnow or "Lucky" Lufon, for example, it can be cast or trolled, fished slow or fast. It will work well in fresh or salt water, swift rivers or sluggish backwaters, deep glacier lakes or shallow farm ponds.

The problems I had in appreciating the importance of color are still kind of embarrassing, but they were finally solved in just one exciting week several years ago. I was out with friends on a San Diego party boat. I had given each of them a "Lucky" Lufon and we were anxious to see how this jigging-type lure would work on yellowtails. Because we intended to cast and retrieve, we were put on the bow apart from the cut-bait fishermen. Well, we weren't apart for long! Within an hour, we were arm-weary from hauling in 15- and 20-lb. yellowtails—and tongue-weary from identifying our "bait," the "Lucky" Lufon.

Two days later, I was in St. Louis on business, and on Thursday morning was flown out to Bagnell Dam at Lake of the Ozarks for a few hours of bass fishing. There were three Lufons left in my tackle box and I shared them with my companion and the guide. The guide had told us not to expect too much; heavy rains had been providing free meals for the fish.

It didn't take us quite half an hour to speed the pace of the action. We had the guide hooting with glee as he netted bass after bass. We just cast our Lufons as far as possible, let them sink for several seconds, then started retrieving with steady reel speed and constant raising and lowering of the rod tip.

The same routine was faithfully duplicated the following Saturday when, with my wife and son, we ran the long swell due east of Jacksonville, Fla., and filled the transom of our 20-footer with Spanish mackerel.

And while filleting those mackerel I realized that, in two oceans and a body of fresh water, I had enjoyed great luck with a jig—one with a silvery finish (the Lufon is nickel-plated).

Since that time, I've never seen a lure that could "travel" better than a silver or silvery-finished spoon or jig.

GOLF STANDINGS

The Hospitality House team with Mark Olson and Art Bloss leading the low gross scores; 37 and 40, moved into first place in the Thursday Nite Twilight League at Spring Valley C.C.

The Quiet One, Danny Matteoni, hasn't let his wedding plans interfere with his game, has three match wins in a row—poor Linda, another golf widow in the making?

June 5th results:

Hospitality House	5 points
Tem's Luggage	1
Kenosha Savings & Loan	4
Ray's Shell	2
Maggie & Bob's	3
Camp Lake TV	3
Antioch Landscaping	3

Marchuck's Resort	3
Antioch Lumber	4

LEARN THE HARD WAY

Mother rushed into the playroom when she heard her five-year-old son screaming and found that the baby daughter was pulling his hair.

"Never mind," she tried to comfort him, "your sister doesn't understand that it hurts you."

She hadn't been out of the room for a minute when more shrieks sent her running back. This time the baby was crying. "What's the matter with the baby?" she asked the boy.

"Nothing much," he replied calmly, "Only now she knows."

Heart Association Names Erich Weis

Dr. Erich Weis, chief of the coronary care unit at St. Therese Hospital, Waukegan, was elected president of the Heart Association of Lake County at the Association's seventh annual meeting, May 28, at the Swedish Glee Club, Waukegan.

The high point of the meeting was a talk by Dr. Hassan Najafi, who returned recently from a trip to his native country Iran where he was helping with health planning.

Najafi headed a team of surgeons at Presbyterian-St. Luke's Hospital earlier this year that performed Chicago's first successful heart transplant. The patient, Ervin Cramer, lived 32

days after the operation until his body rejected the transplanted heart.

The doctor spoke on "Progress in Cardiac Surgery," outlining in lay terms developments over the past 15 years, from the time "when the problem of treating a patient with a hole in his heart baffled the best surgeons" to our present-day miracles in open-heart surgery.

Before development of the heart-lung machine, Najafi explained, which opened new frontiers in heart surgery, parents sometimes acted as living heart and lung substitutes for their children during an operation.

It is a poignant sight," Najafi said, "to see a father come into the operating room and be connected by tubes to his son so the boy can undergo open-heart surgery." In a series of 100 such early operations performed in Minnesota, Najafi said, not a single parent succumbed to this procedure, although many suffered complications.

"Now, this sort of thing is of historical interest only," Najafi said. "Today, we can replace one, two, or even three valves in the heart; we can operate on arteries or remove portions of the heart, if necessary."

Najafi said that in spite of enormous advances in surgery and medicine, some heart defects or diseases cannot be repaired or treated successfully, and it is these cases that sometimes justify a heart transplant.

"There is nothing more frustrating or depressing for a heart surgeon," Najafi said, "than an operation in which the patient's heart simply does not respond after otherwise successful surgery. Sometimes these patients, still connected to the heart-lung machine—and feeling absolutely no pain because of lingering anesthetic effects—regain consciousness and even smile. But the surgeon knows," he said, "they have no functioning heart in their body in spite of all other indications of life."

Najafi said almost any surgeon would agree it would be

good, under these circumstances, to have a bank of hearts—natural or artificial—to bring these people back from death.

"I feel heart transplants have been a successful project," Najafi said, "although about 75 per cent of the patients world-wide have died. But, at the same time," he added, "I do not think the procedure is by any means the ultimate solution to the problem of heart disease."

In answer to a question, Najafi said, "We have not made much progress in developing an artificial heart. But I think we can develop artificial hearts if we really want to do it—perhaps in less than 15 years—just as we are sending men to the moon."

Dr. Weis succeeds Dr. William E. Cape of Highland Park as president of the Lake County Heart Association. Dr. Cape, attending physician, Highland Park Hospital, and associate professor of medicine, Northwestern University Medical School, will remain an active executive as immediate past president.

Other officers elected at the annual meeting were: Russel F. Turco, Highland Park, board chairman, engineering manager, Illinois Bell Telephone Company; Dr. Wallace L. Salzman, Libertyville, first vice president, chief of the coronary intensive care unit, Condell Hospital, Libertyville; Dr. Charles B. Foelsch, Jr., Highland Park, second vice president, chief of staff, Highland Park Hospital; Justice Glenn K. Seidenfeld, Waukegan, lay vice president.

Elected directors-at-large were: Dr. Jules H. Last, Highland Park, clinical associate professor, University of Illinois College of Medicine and president-elect, Chicago Heart Association; John H. Mitchell, Waukegan, owner, John H. Mitchell Company; Dr. John J. Ring, Libertyville; and Elmer B. Vilek, Lake Bluff, retired board chairman, Abbott Laboratories.

The following are new area directors elected at the meeting: Dr. Willard E. Walton of Zion; Serves Zion-Benton and Newport Townships; president, medical staff, Zion-Benton Hospital.

Preston Reckers, Jr., of Antioch. Serves Antioch, Grant and Lake Villa Townships; vice president, Antioch State Bank.

Verne Gove of Gurnee. Serves Avon and Warren Townships; president, Gove Insurance Co.

Mrs. Mary Saunders of Libertyville. Serves Libertyville and

Fremont Townships.

Mrs. James Hodek, of Waukegan, Serves Waukegan, Cuba and Elva Townships.

Mrs. Stephanie Sulthof of Lake Forest. Clerk of the Circuit Court, Lake Forest; serves city of Lake Forest and Shields Township (excluding North Chicago).

Mathew Miholic of North Chicago, Serves North Chicago; employee of Abbott Laboratories.

Paul M. Campbell of Waukegan. Serves Waukegan Township (excluding North Chicago); secretary, Chicago Title and Trust Company, Lake County Division.

Edward R. Holmberg, Jr., of Waukegan; serves Waukegan Township (excluding North Chicago), attorney, Waukegan.

C. Ridgely Kemp of Lincolnshire; serves Deerfield, West Deerfield and Vernon Townships. Vice president, Aluminum Mills, Inc.

Mrs. Sidney W. Mandel of Highland Park; serves Deerfield, West Deerfield and Vernon Townships.

Humanitarian Activity Is Christianity

The power to bring change that characterized the life of Jesus is still available to society, some 10,000 Christian Scientists were told at the denomination's Annual Meeting today.

"That same Christ-power is inexhaustibly present today, to be manifested in healing the world's ills just as directly as when Jesus was on earth—and just as radically," said Inman H. Douglass, Chairman of The Christian Science Board of Directors. Mr. Douglass read the Directors' annual message.

"What Can We Do for Our World?" is the theme that will be developed in a series of meetings and workshops continuing through Thursday, June 5.

The Directors' message urged Christian Scientists to turn their attention to the welfare of all mankind. The starting point, Mr. Douglass said, is "a commitment to daily devote specific study and prayer to the healing of world problems."

The Chairman of the Board of Directors cited the following statement by Mary Baker Eddy, Discoverer of Christian Science: "The Church, more than any other institution, at present is the cement of society, and it should be the bulwark of civil and religious liberty" (Miscellaneous Writings).

"Prayer lived," Mr. Douglass told the large audience, "demands change."

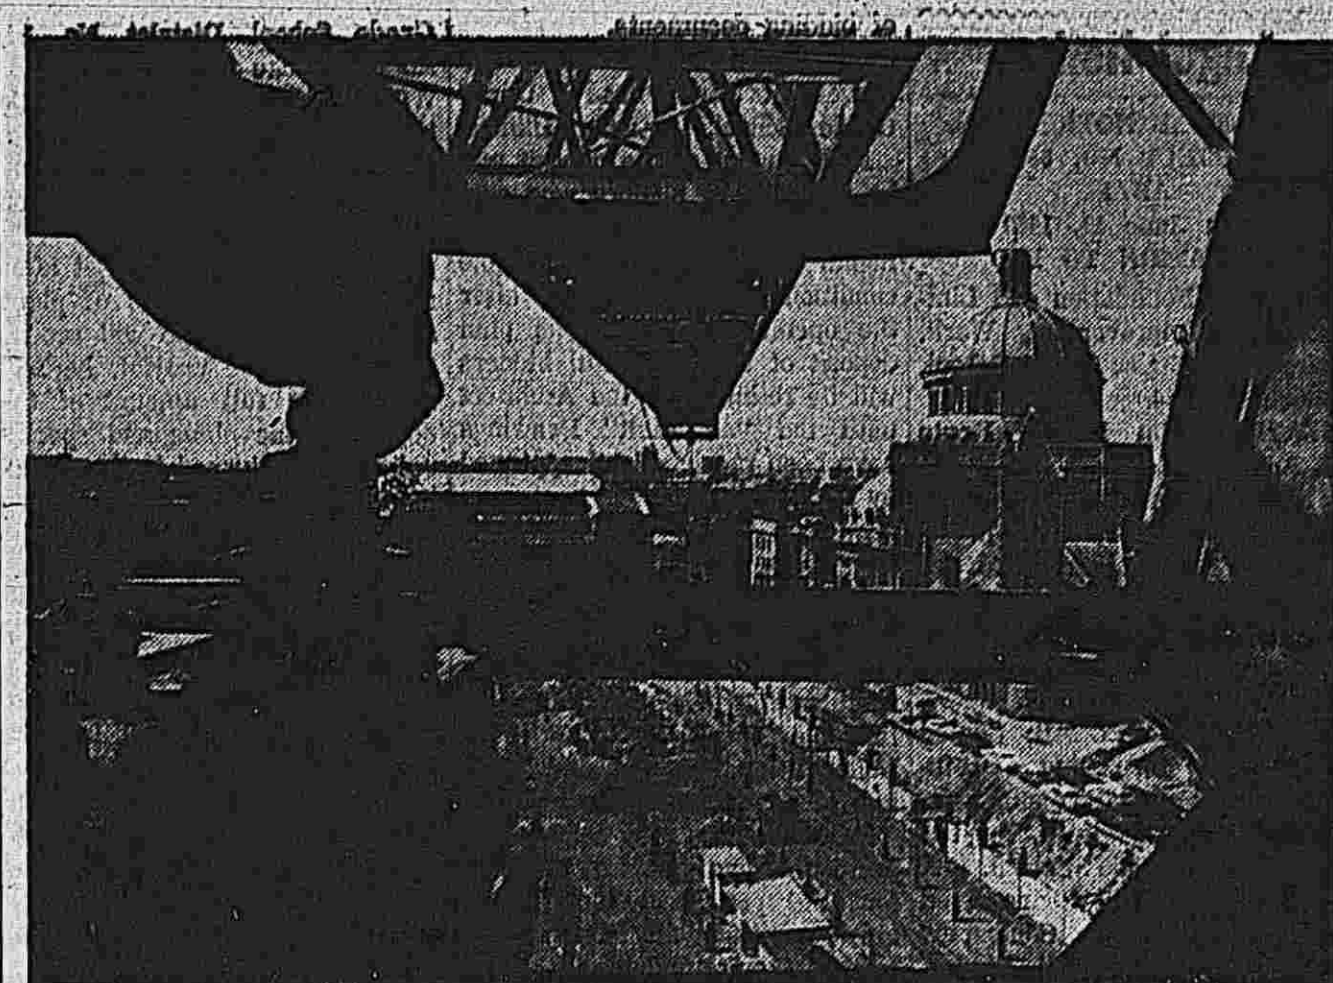

Internal progress, on the part of the individual impels outward progress, Mr. Douglass said. "And it's the most meaningful, the most effective way to advance, orderly social change."

The example of the power of the Christ in the life of Jesus offers a "striking challenge to all Christians and to every Christian church, including our own, a challenge to bring that same spiritual power to bear on all the individual and social problems of the world."

Humanitarian activity, he said, typifies the very nature of Christianity. But if it is to be lastingly effective and cause deep changes in society, "it must never lack the support of spiritual consecration which comes through study and prayer."

Because the human must be brought into accord with the divine, Mr. Douglass said, progress is inevitable and irresistible.

Through the week the need for healing of a wide range of social problems will be considered in depth. Filmed interviews with prominent spokesmen will be shown on the subjects of race relations, youth, underdevelopment, law and order, legal and judicial reform, and international relations. Staff members of The Christian Science Monitor have conducted interviews with such figures as John Gardner, President of the Urban Coalition, Dean Erwin Griswold, Solicitor General of the United States, Carl Stokes, Mayor of Cleveland, Professor Kenneth Keniston of Yale, and

BOSTON—An operator's view from the cab of a 100-foot tower crane dramatizes new construction at world headquarters of the Christian Science Church. Some 10,000 members are attending the denomination's annual meeting held in Boston, Massachusetts, this week. Completion of the new Church Center by 1971 will provide a new administration building, new Sunday School building, expanded radio-television facilities, an underground garage, and a public exhibition hall. Church plans also include a plaza and reflecting pool. Extensive new building by private developers at the perimeter of the 15-acre Center will continue major renewal in Boston's Back Bay area.

United Fund Names Three For Drive

Three leading Lake Countyans have been named officials for the fourth campaign of the United Fund of North Lake County. They are Dr. Ralph F. Anderson, Richard Schwartz, and Dr. Charles S. Brown.

The appointments were made by Edward I. Pickus, President of Pickus Construction Co., and 1969 General Campaign Chairman.

Dr. Anderson, vice-president of I.M.C., Libertyville, was named Unit A Chairman, responsible for the recruitment and for overseeing of solicitation among the employees in firms which employ 10 or more people and among the employees in building and allied trades.

Pickus also appointed Richard Schwartz as Associate Campaign Chairman for Unit B, which includes solicitation of all military and civilian government employees, school personnel and firms which have under 9 employees.

Pickus also appointed Dr. Charles S. Brown, Executive Vice-president of Abbott Laboratories, North Chicago, for Unit C. Dr. Brown will assist Pickus in this campaign by recruiting and coordinating the personnel Division, which includes physicians, attorneys, dentists and other professional groups and the Special Gift Division.

In appointing the three Associate Chairmen on the soliciting level of the campaign, Pickus said, "I am very gratified that these three capable men have accepted the responsibility of helping to raise funds for the principal voluntary health, character, buildings, and Social Services and the Red Cross, which participate in the United Fund Drive. I trust that everyone in Lake County will lend their time and give of themselves when they are asked to serve their fellow man in this most important endeavor."

The United Fund of North Lake County is the largest annual fund-raising effort for voluntary human services in Lake County. Last year, under the dedicated leadership of Wiley Akins, the United Fund raised \$656,190.

Daniel Walker, author of "Rights in Conflict," a study of violence surrounding the 1968 Democratic National Convention.

Erwin D. Canham, Editor in Chief of The Christian Science Monitor, Howard Jones, former ambassador to Indonesia, and Alan Young are among well-known Christian Scientists who will address meetings during the week.

The new President of The First Church of Christ, Scientist, in Boston, Massachusetts, for the year 1969-1970 is L. Ivmy Gwaller, a resident of Boston. Miss Gwaller served as a Director of the Church for 20 years. She resigned from that position in 1968 to devote full time to the spiritual healing ministry of Christian Science. She has been a member of the Church since 1904 and an active Christian Science teacher and public practitioner for many years.

Humanity is searching desperately for emancipation, Miss Gwaller said in her address. It is a "consistent concept of God, a spiritual understanding of Him, that frees men from self-imposed bondage to materialism," she stated. Christian Scientists should devote themselves, Miss Gwaller said, to helping the world find an understanding of God that is consistent with Christ Jesus' promise: "He that believeth on me, the works that I do shall he do also" (John).

NI-Gas Revenues A Record

Northern Illinois Gas Company stockholders assembled June 3 at the utility's general office near Aurora, and heard Marvin Chandler, NI-Gas chairman and president, describe the past year as one marked by milestones in corporate growth.

Chandler reported record revenues of \$262 million for the 12 months ended April 30, 1969, versus \$251 million for the same period a year ago, and \$254 million for calendar 1968.

Consolidated earnings per share of common stock rose to \$2.49 for the recent 12-month period, Chandler said, compared to \$2.39 a year ago, and \$2.34 for calendar 1968. The annual dividend rate on NI-Gas common stock was raised from \$1.60 to \$1.68 a share with the May 1, 1969 quarterly payment, the 11th year in a row that the utility has increased dividends.

Commenting on Illinois' proposed state income tax, Chandler said that if it were adopted at the rate of 4 per cent effective August 1, the tax would cost NI-Gas about 4¢ a share this year. However, he added, a reduction of the federal income tax surcharge to 5 per cent effective January 1, 1970, as has been mentioned by President Nixon, would more than offset a full year of the state income tax.

"We are still pointing to our earnings target this year—to exceed 1967's \$2.50 per share," Chandler said. "It will not be easy, but worthwhile accomplishments seldom are."

In addition to reaching a quarter-billion dollars of revenue for the first time, other milestones indicative of the utility's growth were cited by Chandler. They included the addition of NI-Gas' millionth customer; the attainment of a net plant investment exceeding \$500 million; retained earnings of \$100 million; and the accumulation of 100 billion cubic feet of natural gas in underground storage.

On the subject of gas supply, Chandler refuted recent public statements that the industry faces gas shortages which will affect its future growth. Ac-

knowledging a dip last year in the known proved natural gas reserves in the U.S., Chandler said, "There are still plenty of potential reserves in and offshore the continental United States."

He noted also that NI-Gas' three major pipeline suppliers are negotiating for substantial new packages of reserves in Canada.

"In addition to Canadian gas," he said, "other long-term sources include the importation of liquefied natural gas (LNG), increased domestic production by use of nuclear fracturing of tight rock formations, and the gasification of coal and of oil shale."

"In short," Chandler concluded, "We see changes in our gas sources in the decades ahead, but we do not foresee unsolvable problems."

William J. Crowley, a director and NI-Gas executive vice president—finance and corporate services, commented on utility promotional practices, the regulatory outlook in Illinois, financing, consumerism and pipeline safety. He said the industry is dedicated to provide good service at fair prices in a safe manner.

"We are not so smug as to think there is no room for improvement," Crowley said, "because improvement in all our policies and practices is our constant aim. In our opinion, existing state regulatory agencies are doing an adequate job of safeguarding the public interest in these matters."

C. J. Gauthier, executive vice president—marketing and operations and a NI-Gas director, said that NI-Gas continues to explore diversification in non-utility activities. Diversification is necessary, he explained, in order to achieve a satisfactory earnings growth rate, to attract and retain an enthusiastic management team, and to strengthen the utility's basic energy business.

Gauthier also discussed opportunities for acquiring the gas properties of several Illinois gas and electric utilities which are presently holding merger discussions or have otherwise indicated an interest in disposing of their gas utility holdings.

In conclusion Gauthier told shareholders of the company's "total marketing" program, and described its first year progress. In other business, stockholders ratified the appointment of auditors and reelected the management slate of eleven directors.

Legal Notice

LEGAL NOTICE
PROJECT NO. 6857
AB/1

Date: June 10, 1969
INVITATION TO BID

PROJECT: Foundation and Limited Site Improvement Work, Phase I, for Upper Grade School, Antioch, Illinois.

LOCATION: On Illinois Route 173, Antioch, Illinois.

OWNER: Board of Education, Antioch Community Consolidated Grade School District No. 34, Antioch, Lake County, Illinois.

ARCHITECT: Orput-Orput & Associates, Inc., 206 South Main Street, Rockford, Illinois.

SCOPE OF PROPOSAL: Sealed proposals for furnishing and installing the Foundation and Limited Site Work, Phase I, for the New Upper Grade School. A single proposal will be received from the General Contractor which will include all trades. The Board of Education shall receive proposals and enter into contract on same.

DATE DUE: Proposals will be received for Foundation and Limited Site Improvement Work for the above Project, until 8:00 P.M., C.D.S.T., Tuesday, June 17, 1969, at the office of the Board of Education, Antioch Community Consolidated Grade School District No. 34, located at 817 North Main Street, Antioch, Illinois. Bids will be publicly opened and read aloud at that time. Proposals received after the time specified above will be returned unopened. All items on the proposal sheets must be completely filled out by the bidder or his bid may be rejected as incomplete. Sealed proposals are to be identified on the outside of the envelope as to the bidder and the project on which the proposal is submitted.

ACCESS TO CONTRACT DOCUMENTS: Plans and specifications are on file for reference at the following locations:

Board of Education, Antioch, Illinois

Office of the Architect, Rockford, Illinois

Office of the Architect, Skokie, Illinois

F. W. Dodge Corp., Offices and will be available from Scan Photomix, Inc., Chicago, Illinois.

Drawings, specifications and interpretations may be secured from the office of the Architect, 206 South Main Street, Rockford, Illinois 61101.

Up to two (2) sets of contract documents will be furnished prospective prequalified bidders for \$75.00 for each complete set

of bidding documents.

Foundation and Limited Site Improvement Work Phase I, Upper Grade School, Antioch, Illinois.

Full amount of the deposit will be returned to bidders who submit proposals, if contract documents are returned in a usable condition within ten days after the opening of bids. The plan deposit of the successful bidders will be retained by the Architect until the "As Built" Drawings have been received and approved by the Architect.

Any Contractor securing plans will forfeit deposits if he fails to bid or withdraws his bid.

All bidders who wish plans and specifications mailed to them shall submit a separate non-refundable check of \$5.00 (Five Dollars) for handling and mailing of plans and specifications.

Subcontractors may secure separate blue line prints of the plan for \$1.50 per sheet (non-refundable), specifications for \$1.00 per section (non-refundable).

The prime contractors may secure extra bidding documents by submitting \$75.00 refundable deposit per set, plus a separate non-refundable check in the amount of \$25.00 per set, payable to the Architect to cover the cost of handling and printing.

PROPOSAL GUARANTEE AND SURETY COMPANY RATING: A Bid Guarantee equal to at least 5% but not more than 10% must accompany each proposal.

This may be in the form of a certified check, bank draft, U.S. Government Bonds (at par value) or a Bid Bond from a bonding company with an "AAA" rating or better, payable to the Board of Education, Antioch Community Consolidated Grade School District No. 34, located at 817 North Main Street, Antioch, Lake County, Illinois, as a guarantee that if the bid is accepted, bidder will execute and file the proper contract and an acceptable performance and payment bond within the time limited by the Owner.

If the successful bidder so files the contract and performance and payment bond, upon the execution of the contract by the Owner the check shall be returned. In case he fails to file such contract and performance and payment bond, the amount of the check or bid bond shall be forfeited to the Owner as liquidated damages.

RIGHTS RESERVED BY OWNER: The Owner reserves the right to waive any irregularities, reject any or all proposals when, in the opinion of the Owner, such action will serve the best interests of the Board of Education, Antioch Community Consolidated

Grade School District No. 34, Antioch, Lake County, Illinois.

WITHDRAWAL OF BIDS: No bid may be withdrawn for the period of 30 days after the opening of the bids, without written consent.

If a Contractor finds that after securing a set or sets of plans and specifications he will not be able to bid the project, he will receive his full amount of the deposit if the plans and specifications are returned to the Architect 10 days before the bid opening date. If he returns the plans and specifications after the 10 day period, he will forfeit his deposit.

WAGE RULES: The general prevailing rate of wages in the locality in which the work is to be performed for each craft or type of workmen or mechanic needed to execute the contract will adhere to all Federal Laws and Laws of the State, and to all local ordinances and regulations applicable to the work hereunder, and having force of law.

By order of the Board of Education, Antioch Community Consolidated Grade School District No. 34, Antioch, Lake County, Illinois.

(June 12, 1969)

LEGAL NOTICE
IN THE CIRCUIT COURT OF THE 19TH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

PROBATE DIVISION
ESTATE OF FREDERICK J. THIES, SR., Deceased,

FILE NO. 69P-338
Notice is hereby given pursuant to Section 194 of the Probate Act, of the death of the above named decedent and that letters of Administration with Will Annexed were issued on May 27, 1969, to AGNES L. VAN PAT- TEN, Route 3, Box 350, Antioch, Illinois, whose attorney of record is EDWARD C. JACOBS, 425 Lake Street, Antioch, Illinois, and that the first Monday in the month of July, 1969, is the claim date for the estate.

Claims against said estate should be filed in the Probate office of the Clerk of said Court, County Court House, Waukegan, Illinois, and copies thereof mailed or delivered to said legal representative and to said attorney.

STEPHANIE SULTHIN
Clerk of the Court
(June 5, 12, 19, 1969)

NOTICE TO BIDDERS
Furnishings to the Antioch Township Library

The Antioch Township Library Board of Directors, Antioch, Illinois, will receive sealed bids for the Furniture and Carpeting of

the Antioch Township Library until June 23, Monday evening, 7:00 p.m. central daylight saving time, at the Antioch Grade School Gymnasium, Main & Depot Street, Antioch, Illinois. Bids will be publicly opened and read at that time.

The bid consists of four separate groups. Bidders may bid on any particular group, on any combination of groups, or on all groups. Each Bidder must bid complete groups in order to receive consideration. Proposals shall be made on the form which is furnished with the specifications. The wording of the proposal shall not be changed, altered or supplemented except in accordance with the instructions. Proposals shall not contain any breakdown of the work and shall be complete for each group or combination of groups, with all the blank spaces filled in. The library is exempted from paying federal excise, state sales and use tax, and Bidders should exclude such items from their bid.

Before submitting a proposal, Bidders should carefully examine the drawings and specifications, visit the site and fully inform themselves as to all existing conditions and limitations.

Should a Bidder find discrepancies in, or omissions from the drawings or specifications, or should he be in doubt as to the reading, he should at once notify the Architect in writing, who will issue necessary instructions to all Bidders in the form of an addendum. All addenda will become part of the Contract Documents. No oral interpretation will be made to any bidder as to the meaning of any Contract Documents.

Proposals received after the time for opening will not be considered. It is the Bidder's responsibility to deliver his proposal at the proper time to the proper place.

Drawings and specifications will be available for reference in the Office of the Librarian, Antioch

THE ANTIOCH NEWS—8
THURSDAY, JUNE 12, 1969

Township Library, 757 Main St., Antioch, Illinois, and of the Architect, Freund & Arthur, 95 Grant Street, Crystal Lake, Illinois.

A satisfactory bid executed by the Bidder and a security company in the amount equal to ten percent (10%) of the bid shall be submitted with the bid payable to the Antioch Township Library Board of Directors.

No bid may be withdrawn for at least thirty (30) days after the scheduled closing time for receipt of bids, during which period of time the owner may hold each of said bids.

The Owner reserves the right to reject any and all bids and to waive any informalities in bidding, and to award the contracts to the greatest advantage of the Owner.

LEGAL NOTICE
State of Illinois) No. 3761
County of Lake,) ss.

Filed March 29, 1968
Certificate of Ownership of Business issued in the name of Vacationland Airways of Mundelein, Illinois.

(Signed) Truman G. Gerretsen
County Clerk
Filed Lake County Court House
March 29, 1968.

June 12-19-26, 1969

A farmer was taking no chances with hunters and painted the name of each of his farm animals on its ribs. It didn't do much good. No horses, pigs or dogs were killed, but two nimrods blasted a big hole in the farm tractor. It had the name John Deere on its side.
